Premiere Issue 2011

## *Friends* of the Ludlow Public Library

### Library Director's Note

The Friends of the Library is a non-profit, volunteer group whose aim is to encourage public interest in the library and support the “extras” that tax dollars just don’t cover. The Friends continue their tradition of support by funding the Summer Reading Program and events throughout the year for children and adults. As Friends, you’re in the perfect position to encourage support for children’s summer reading. For many parents, summer is the most difficult time to find activities for their kids to do. Summer reading programs provide activities that are, not only fun and educational, but help kids feel valued and useful. So, bring the kids you know to the library, and celebrate “One World, Many Stories” @ Your Library for 2011!

With the enthusiastic and vital support of the Friends, the library can be a great place to dream and discover! We will continue to provide the community with quality programming, services, and materials that educate, inform, enrich, and entertain!

**“What is more important in a library than anything else – is the fact that it exists.”**

– Archibald MacLeish “The Premise of Meaning,” *American Scholar*,  
5 June 1972
